If you see or think there is any abuse happening to our participants we encourage you to tell us.

Abuse can be many things and can involve money, emotions, violence, and neglect.

You can report any concerns to someone you trust, whether it's one of our staff members, our Chief Services Officer, a family member, an advocate, or a friend you rely on.

If you prefer to seek help outside of ARC you can contact the NDIS Quality and Safeguards Commission. We have included their details at the end of this handbook.

We will also provide access to counselling, medical, and legal support if you need it.

When you report abuse or discrimination you have the right to have an advocate present during the process and ARC can help with getting one for you.
